

Schwartz Rounds

What connected with me the most was...

How so many of us, irrespective of role, face the same pressures, live the same kind of experiences + the same

What was different for me after attending was...

relationship
stiller
commitment
and
funner

What moved me the most was...

When colleagues whom I perceive to be invulnerable + indestructible, openly share their vulnerability

What connected with me the most was...

hearing stories and perspectives that I might not have outside of this forum

What was different for me after attending was...

Acknowledge the pressures we are all under and encourage more team work.

What was different for me after attending was...

That Schwartz Rounds are an amazing, educational vehicle, for learning how to be a better carer for your patients.

We recently celebrated 100 Rounds at Imperial. We asked our audience to share the most memorable aspects.

Reflections on 100 Rounds
